BOARD OF TRADE EXTENDS WELCOME

Throng of Happy Colorado Settlers Enjoy Splendid Banquet Prepared By Wives of Board Members

The banquet Wednesday night under the auspices of the Bassano Board of Trade, but handled entirely by the ladies, wives of the members of the Board of Trade, was an event long to be remembered by the group of nearly one hundred new comers from the state of Colorado, who are here to become citizens and to help develop the great irrigation district of southern Alberta. The party that assembled at Robinson's hall, which was beautifully decorated with American and Canadian flags, to partake of the real hospitality extended by Bassano, was made up of some of the best citizens of the state which they left. They are experienced irrigators, and their advent into Alberta will mark an epoch in the development of irrigation in the province of Alberta.

L. M. Webster, vice-president of the Board of Trade, acted as master of ceremonies, and in a few well chosen words extended a cordial welcome to the guests.

A program consisting of addresses by a number of visiting C. P. R. officials and others and also several musical selections had been arranged.

The first speaker on the program was Mayor Pierce, who made a brief address assuring the Colorado people that the town was glad to entertain them.

J. E. Rutherford was called upon and delivered a splendid short talk. He is a splendid speaker and his remarks were appropriate and well received.

A. L. Fryberger spoke for the visitors, being one of the Colorado men who will operate an irrigated farm. He expressed the sentiments of his people when he thanked the town people for their hospitable reception.

Percy Stone, representing the Calgary Herald, was the next speaker. He furnished the crowd with considerable amusement as he is a natural born after dinner speaker. He made quite a hit with the ladies.

Banquet to Colorado Settlers
On behalf of the Board of Trade the Executive desire to express their most hearty appreciation of the spontaneous and in every way excellent assistance given by the wives of the members of the Board and other ladies who participated in the work of organizing and carrying through the entertainment to the Colorado settlers and who contributed in no small degree to the complete success of same.

SUNDAY BLUE LAW BATTLE IS BEING WAGED

An organized movement against the signing of unenforced blue Sunday laws for the sale of ice cream, soft drinks and other refreshments has been launched by the Lord's Day Alliance. An association has just been formed in Edmonton by some of the business men and a petition against Sunday opening is being signed. The Temperance and Moral Reform League is sending a copy of the resolution, passed at the convention in Calgary, protesting against Sunday opening, to the attorney-general, and there is now a possibility that a petition will be circulated in Calgary against Sunday selling.

A brief address by Mr. Stockton on irrigation followed by musical selections, concluded the program. The male quartet composed of Messrs. Murdoch, Dasher, Frank and Will Murchison rendered several selections and were roundly applauded.

A vocal solo by Mrs. F. Murchison was highly appreciated. Miss Mae Murchison presided at the piano in her usual good form. If there is any truth in the old time honored saying that "first impressions are lasting," Bassano need not have any fear as to the kind of opinions formed by her guests on this occasion. On every hand there were visible evidences of the gratitude felt by the strangers. They were receiving such a royal and cordial welcome to the Canadian west that some were at a loss to understand it all.

It was indeed a magnificent feast. The good ladies entered into the work with a zest, and their efforts were crowned with success. It was just the sort of a reception that made the newcomers feel at home. They had just had time to get a little rest from their long and tedious journey and then were in the proper spirit for such a banquet.

It would be impossible to give the ladies too much praise for their very successful efforts in making this new friends feel at home. Every detail had been worked out and there was not the least friction in any quarter. The Board of Trade is indebted to the ladies for their valuable assistance in properly introducing our American cousins into Canadian hospitality.

Following is a list of the ladies who made the banquet a success:

Mesdames Boyd, Bredin, Robinson, Brögan, Dasher, Scott, Pegler, Johnston, Hunter, Shop, Webster, Golden, Lee, Harris, Watson, Stiles, Mitchell, Wright, Flanagan, Hendry, Gerber, King, Mayer, McKee, Bond, Berry, Playfair, Plumer, Strange and Struthers.

Surprise for Col. Warren
When Col. Warren made his trip out to his ranch several days ago, he was treated to a genuine surprise when, nearly one hundred of his neighbors swarmed in on his home one evening and simply took possession of the premises. The ladies had prepared all sorts of good things to eat and a great spread was enjoyed by the company of merry-makers. The house was cleared to make room and a dance was indulged in.

Following is a list of the visiting party:

Messrs. and Mesdames—Hawthorn, Pottinger, Ester, Harmon, Silver, Dixon Daley and family, M. B. Miller and family, Egon, Beaufort, Eastman, Crow, Frank, Roberts, Gilson, E. O'Brien, A. O'Brien, Porter and McChish.

Messrs. McDonald, Egan, Hardie, Lombard, McDonald, Macdonald, Macdonald, Torsen, Eder, Coburn, Miller, Corth, Johns, Harmer, Cowger, Abarg, Stewart, R. Miller, Verne O'Brien, Ryan, Bar, Gillis, Eliza, Dixon, Warren and Roberts.

PAVEMENT PICKUPS
Smith & Cooper, agents for the Ford auto, are proving to be live wires, as several have been sold already since they were made the agents for this popular car.

WANTED—Position as housekeeper on farm where there are no women people. Address Mrs. Simpson, General Delivery, Medicine Hat, Alta.

A large number of Bassano people attended the dance at Brooks last week. Kenneth Murchison has been appointed traveling representative for the Ford Motor Company, and will no doubt give a good account of himself as a salesman.

A man named Macdonald was charged with fraudulently obtaining board and lodging from the Brooks hotel before J. W. Hays, J. P., on Friday last. It was shown that he had given a cheque which was not cashed at the time he was charged to be worthless. The Justice held in his opinion this constituted fraud under Sec. 407 B of the Criminal Code of Canada. A conviction was registered and Macdonald was ordered to make restitution of the money defrauded and to pay a sum of one dollar and costs or be imprisoned for 30 days.

POSSE, WITH HOUNDS ON TRAIL OF ROBBERS

Gang of Seven Escaped in Automobile With Two Thousand Dollars

Bellingham, Wash., March 11.—Though pursued by a posse directed by provincial constables, who came from Vancouver with 100-hounds, the seven armed men who robbed the branch of the Royal Bank at Abbotsford, B.C., yesterday, have not been apprehended.

RESCUE IN AUTO
The robbers escaped in an automobile, after taking \$2,000 from the bank.

Three of the men, named outside sources, who were arrested, the constable and a clerk were armed with revolvers while the robbers seized a few containing gold and currency.

The constables were Vancouver lock with them trained bloodhounds from the British Columbia police force. During the afternoon several rumors that the men had been caught were circulated, but there was no foundation for the stories. On one occasion two of the hounds were believed to be surrounded by 10 men for a couple of hours, but when the words were finally thoroughly known, no trace of the desperado could be found.

R. A. HARRY MURDER CHARGE

Fiske, Sask. March 7.—R. A. Harry, postmaster here, was committed for trial at the spring sitting of the supreme court in Kinsler, on April 14, charged with the murder of Leo Yuen, who in a dying statement at the Kinsler hospital alleged the accused cut his throat in his shop at Fiske and brought him to his death.

The preliminary hearing which began yesterday, concluded today after Sergeant Thomas, of the R. M. W. M. P., had given his evidence, which consisted largely in relating as to the position in which he found various articles in the deceased's shack. A letter which was found and interpreted of three no light on the crime, and the witness was not contradicted by any extent by counsel for the defense.

The interpreter who took Yuen's dying statement was put through a severe cross-examination, and was forced to admit that he used words such as "killed" which he never heard of or spoken. The defense was reserved.

The case has attracted considerable attention in Saskatoon, and has his own friends who are unable to conceive of any motive that would cause him to commit such crime.

One man who returned from Fiske yesterday said he followed the evidence with more or less interest and was in the police station.

Friends of Harry considerably assert that the Chinaman died from the effects of wounds self-inflicted, and proof may be offered later which will be to the contrary.

He attempted suicide shortly before he was discovered on the roadside, but he was found by a country boy, who was taken to a hospital.

The Chinaman was found in the street, on the evening of February 26, and was taken to the hospital.

GLEICHENHOCKERS FORCED RETREAT

Newcomers Turn Deaf Ear to Arguments Against Alberta Irrigation Belt

Following the arrival of the trainload of 81 persons from Colorado, with their effects, Wednesday morning an unsuccessful attempt was made by a disinterested farmer and few of his friends to discourage the newcomers and make them believe that failing in the Alberta irrigation belt had not been successful. The newcomers had heard, through reports by "crackers" while in the United States, and the statements in consequence were unheeded. Early in the day the disgruntled one withdrew and the incoming people expressed their opinion that they were in the right country and that they had determined to remain here.

FOURTEEN CASES ARRIVE
Fourteen cars, carrying 80 men, women and children, arrived in Bassano about midnight. Several cars contained the effects of the new Alberta farmers, and Wednesday morning the government doctors were engaged in testing the horses and cattle. The men and women were delighted to arrive at their destination after ten days of travel from the Arkansas Valley, and at early daylight were in the streets of Bassano, viewing the town which would be the marketing place for their products.

A delegation from Gleichen headed by a man named Trago, had a long argument with the members of the Bassano board of trade in the afternoon, during the morning. The Gleichen party are alleged to have refused to surrender the Colorado settlers to give up the irrigation belt and to leave the town.

"We have looked forward to this trip and the making of our home in the party and they range in age from 8 to 12 years. The older children have all had schooling and will attend the schools in the Bassano district, when the parents have a trial."

The trainload was not so large as expected, as ten families from Greeley and Fort Collins did not come with this train. Members of the arriving party said, however, that the farmers in the south are considered the purchase of farms in Alberta, and many more will arrive before the end of the year.

EXPOSURE IN LAND SCANDAL

One of the worst land scandals in the history of the Dominion was exposed in the *Calgary Herald* this week. This was the case whereby public lands have been sold to political friends in land speculation have been shown up in a manner which reflects seriously upon the Minister of Militia and his Department. The facts are brought out in the *Times of Dominion* as are as follows:

On May 23rd, 1912, the Minister of Militia passed an Order-in-Council authorizing him to spend \$100,000 for a military camp site near Montreal. Ten days later Major Hodges purchased a property known as the McIntyre farm for \$24,400 which he added to another property, the 2nd Air Base Tract. The McIntyre farm was purchased for \$24,400, making the total cost of the two properties to Mr. Hodges \$48,800. On June 10th, nine days later, the Minister of Militia issued a cheque for \$18,000 to Major Hodges, and on June 11th, the same day, the Minister of Militia issued a cheque for \$18,000 to Major Hodges, and on June 11th, the same day, the Minister of Militia issued a cheque for \$18,000 to Major Hodges.

On this same date the cheque was cashed, and on the same date the deed for the property was signed, and on the 25th day of June, the day following, the deed was registered.

When this land deal was brought to the attention of the public last August Col. Hughes gave out a statement, part of which reads as follows: "The Agents of the Department who chose the property had made the bargain as Col. Lebeland Col. Williams. Their standing and reputation is a sufficient answer to the allegation of wanton waste of public money. I know nothing of the property myself."

Col. Hughes knew perfectly well that Major Hodges had been purchasing the McIntyre property on his own account, and that the price he paid should be \$18,000. Can it be doubted that the land was passed to his friends who then proceeded to make the necessary purchases and sell to the government at the figures specified in Col. Hughes' Order-in-Council, realizing thereby a profit of \$20,000, or over 110 per cent on a transaction which took only a few days and involved absolutely no risk whatever? The public will form its own opinion of Col. Hughes and this transaction.

Asquith's Statement

London, Mar. 8.—The *Evening Standard* states that the government is prepared to offer the House of Commons a statement regarding the "disposal" of the land which was sold to the government in 1912. The statement is said to be a full and frank statement of the facts, and is expected to be a full and frank statement of the facts, and is expected to be a full and frank statement of the facts.

Communication

The following letter, addressed to The Mail is self explanatory:

Editor Humphrey Mail,

Dear Sir:

In your last issue you made some very unkind remarks about me and I am sorry to see the authority given me under the official code and above a title of mercy to a man whom we considered of petty thief. It is hardly necessary for us to remind you that none of us are so stupid as to think that we can get away with money. The fact of the matter is that we are not so stupid as to think that we can get away with money.

The object of our criminal law is to make men better. On March 2nd we had a man before us convicted of theft. The judge had done his duty. It was the duty of the justice to render a sentence. The prisoner had never been convicted of any previous offence and therefore as far as the court was concerned was of previous good character. We decided that it would be better to give the man a chance to make his own way in the world, and to be of good behavior for a period of one year.

We leave it to the public to judge as to whether it is better to give a man a chance to make his own way in the world, and to be of good behavior for a period of one year, or to give him a sentence of imprisonment for a period of one year.

On the 11th day of June, the day following, the deed was registered. The Minister of Militia issued a cheque for \$18,000 to Major Hodges, and on June 11th, the same day, the Minister of Militia issued a cheque for \$18,000 to Major Hodges.

PEACE TRIBUNAL TO DECIDE UPON MANY CLAIMS

Washington, March 8.—Numerous cases of importance involving disputed questions of international law, are to be decided by the international tribunal of arbitration, which begins its second session in Washington tomorrow at the Carnegie Institute.

The commission, created by treaty to adjust all outstanding pecuniary claims between the United States and Great Britain, is expected at this session to hear arguments on twenty-six cases, an American and sixteen British, involving damages aggregating \$20,000,000.

Interesting historically and of great importance to the state of New York is the British claim of \$1,000,000 in behalf of the Cayuga Indians resident in Canada, based on the withholding from them of annuities pledged under the treaty of Ghent.

A big American claim is that of the heirs of William Webster for lands in New Zealand purchased by Webster seventy years ago.

A similar claim for a million and a quarter is made by the heirs of an American named Studer for rubber lands in Liberia, whose concession was vacated by the British government.

Both American and British commissioners have a number of claims growing out of the seizure of the vessels in Behring Sea and Canadian waters. Dating back to the strenuous days of Paul Kruger is the claim of the American, E. E. Brown, for several million dollars' worth of property in the Transvaal, of which he is alleged to have been deprived by the last of the Boer presidents, by the arbitrary method of altering the composition of the supreme court of the republic to secure compliance with his demands.

As successor to Kruger's government Great Britain is held to have inherited its obligations as well as its possessions. This question of succession is one of much importance internationally.

Great Britain has had a claim for damages for Dewey's action in cutting the cable in Manila bay, and for Sampson's severing of the ocean cable under fire at Cienfuegos, Cuba.

Other claims involve the loss of American missionary property through hostile natives in Sierra Leone, Africa, whose activities the British authorities failed to suppress. The refusal to pass on these claims is composed of Henri Poincaré, of France, president; Sir Charles Fitzpatrick, chief justice of Canada, the British arbitrator, and Claudius W. Anderson, the American arbitrator.

Great Britain is represented by C. J. Hurst, of the London foreign office, and E. L. Newcombe, deputy minister of justice of Canada, as agents, while the agent of the United States is Robert Lansing.

Get Your Canadian Home From the Canadian Pacific

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsuppressed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming. The lands are convenient to railways and markets, and are located in a country of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy no land is sold to speculators, but only to those who will occupy and improve it. The terms of sale are now on twentieth cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance as loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land and making a well. This loan is repayable on the same terms as the purchase price.

A QUESTION OF BEING THE WELL DRESSED MAN

THEY say in Toronto that men who wear clothes made by one of the King Street tailors can be distinguished from those whose clothes are made in other parts of the city as easily as a diamond expert can tell a real gem from a "paste" stone. You may just carry this along a little further, and from your own knowledge can say that it is just as easy to distinguish city made clothes from other tailored clothes—character, individuality and distinctiveness is the reason why.

BECAUSE we appreciate the fact we have secured the made-to-measure quality for Lailey-Trimble, Limited, special order clothing makers of Toronto—whose name is a warrant to you for all that stands for good clothes—in the fabrics—the patterns—the designs—the fit—the workmanship and the wear.

WE are showing today a complete sample line of Lailey-Trimble woolsens and styles for Fall and Winter wear and invite your inspection. We do not put any special emphasis on competitive prices, but we do guarantee you the best suit of clothes or overcoat for the price you want to pay that you ever buttoned on yourself, and made to your measure.

MAY we have the pleasure of a look from you—we believe we can make your call one of pleasure and profit to you.

ONE HUNDRED LIVES LOST. WHEN CLUB BURNS

Every Fire-Fighting Machine In
City of St. Louis Called To
Scene of Conflagration

St. Louis, Mo., March 9.—Fire early this morning was discovered burning from the windows of the lower four stories of the Missouri Athletic club, at Fourth and Washington avenues. The fire drove scores of roomers at the club into the street in their night clothes. Many are unaccounted for. At 1:30 a.m., every fire fighting machine in the city and every fireman was on the scene, but the blaze spread in all directions and was beyond the control of the firemen. The entire block bounded by Fourth street, Broadway, Washington avenue and Lucas avenue, probably will be destroyed.

Within a short time after the fire was discovered the flames were more than 100 feet high. The Missouri Athletic club building, of 135 rooms at the club, not more than twenty have been accounted for. The remaining men are believed to have been trapped on the floors above the fourth. If this proves true, not one of them will survive. The entire building is now a mass of flames.

At 2:45 this morning the roof of the massive structure occupying half a city square ended in carrying down with it several floors, and it is believed more than 100 are dead. Every available automobile and police patrol wagon in the city has been called on. A careful census of those who escaped from the building was taken by the police and an officer of the club, and not more than two dozen were accounted for. It is almost certain all the others were burned to death.

At three o'clock the bodies of seven men were found on the sidewalk, where they had jumped from the fourth floor. One of these was identified as that of John Martin Hickey of Chicago. At this hour the risk of the building had passed.

A BETTER REMEDY THAN NASTY SALTS

They taste like candy, and the movement they cause is as easy and natural as though your bowels were in perfect health and you never had to take any physic at all. We have no most faith in Bissal Orderine that we urge you to try it, with the understanding that, if they do not satisfy you in every way, you have to go to get your money back to be full on. We honestly believe them to be the best bowel remedy made. In vest pocket tin boxes; 10c, 50c, 90c.

MRS. PANKHURST TO LEAD WOMEN TO KING'S PALACE

London, March 9.—Having received a refusal of an audience with King George, in which it was proposed that a delegation from the Women's Social and Political Union shall try to force him their claim for the vote and their complaint of the "medieval and barbarous methods of torture" where, by your majesty's ministers are seeking to suppress the women's revolt against their deprivation of citizenship rights." Mrs. Emmeline Pankhurst, the militant suffragette leader, has addressed a letter to the king, in which she declares her intention to lead a delegation to Buckingham palace to see the king.

In reply to Mrs. Pankhurst's first letter to King George requesting an audience, the king's office wrote her as follows: "The secretary of state has had your petition before the king, but he reports that he is not, because of his inability, to make any such reply. In her last letter to the king, Mrs. Pankhurst said: 'We utterly deny the constitutional right of ministers, who have not been elected by women, and are not responsible to them, to stand between ourselves and the throne to prevent us having audience of your majesty. We have the honor, therefore, respectfully to inform you that in pursuance of our undoubted constitutional right, to petition the sovereign, in person, I and other representatives of the Women's Social and Political Union will present ourselves at Buckingham Palace for the purpose of claiming an audience.'"

London, March 9.—Militant suffragettes again engaged in a battle with the police yesterday in their exercise field, Trafalgar square, and in a peering rain. The arrest of Sylvia Pankhurst for the sixth time under the "contemptuous" law precipitated the conflict.

According to Miss Pankhurst seven women and three men were arrested. Among those taken into custody was Miss Stella Emerson, of Jackson, Michigan. Miss Emerson has been arrested several times for participation in suffragette demonstrations, and recently there were rumors in circulation that steps were being taken by the British government to expel her from the country as an undesirable alien. WISH AMERICANS PROTEST AGAINST REPEAL OF CLAUSE

New York, March 9.—An unanimous protest against the repeal of the free trade clause of the Panama canal act, as being against the wishes of the 13,000,000 American citizens, who voted at the presidential election of 1912, was adopted at the meeting of the committee of the Chamber of Commerce, at New York, in Audin hall Sunday night, to celebrate the anniversary of the birth of Robert Emmet.

Following the vote on the question, one speaker said he would favor action to impeach President Wilson for his policy concerning the canal tolls. The resolution of protest which was presented by Assemblyman McMahon said:

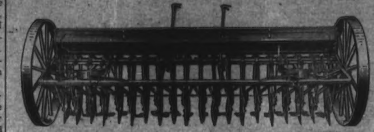

"The free trade provision is necessary for the protection of our coastwise trade in competition with subsidized exports of Europe, and especially those of England, whose cruisers, carrying the Confederate flag, but built in British shipyards, armed with English guns, manned by British sailors, and sent to sea in violation of international obligations, in defiance of the protests of the federal

government, have been sent to sea, and that created the monopoly which England now seeks to maintain in the entire Caribbean and Gulf of Mexico region.

The free trade provision is also necessary to protect our maritime shipping from a combination of American and Canadian transcontinental railroad corporations which want to crush all competition in the carrying trade. It is at the bidding of England and these railroad monopolies that the president is now endeavoring by undue and improper influences on senators and representatives to make them sacrifice the interests of the American people on a false and unfounded allegation that the free trade provision is a violation of national honor."

The speaker of the resolution congratulated O'Dorman, Brister, Foxendale and their colleagues as defenders of the "true interests of the American people in case of gross attacks on and misrepresentations of them in a section of the New York Times the World and the Evening Post, as not representing public opinion on this question. Copies of the resolution were ordered sent to the president, senators and representatives, and Senator Chamberlain will be asked to have the request printed in the congressional record.
